Autism Saskatoon is the Premier Showcase charity of choice.

Autism Services is a local non-profit organization dedicated to supporting individuals and their families impacted by Autism Spectrum Disorder (ASD). ASD is a complex brain development disorder that affects approximately 1 in 68 children. Premier Showcase is an opportunity for us to raise much needed funds specifically for our Family Programs, which benefit local children and families with ASD. These programs receive only limited funding, so our fundraising efforts are vital to ensure they continue.
